

REMARKS

By this Amendment, claims 12, 13 and 15-22 are pending.

The Examiner required drawings to facilitate understanding of the invention. With this Amendment, Figures 1 and 2, fully described in the specification, are submitted. A copy of the international application, as published, was filed with the application. The front page of this application contains both Figures 1 and 2. In addition, a copy of the international application was transmitted by the International Bureau. Therefore, no new matter is added.

In the Office Action, the Examiner indicated that claims 14-17 contained allowable subject matter. By this Amendment, the subject matter of claim 14 has been incorporated into amended claim 12. Therefore, all claims are allowable and favorable action is eagerly and earnestly solicited. If any issues remain and the Examiner believes that a telephone conversation would resolve such issues, the Examiner is urged to contact the undersigned attorney.

If any fees are due and owing, the Commissioner is authorized to charge Deposit Account 08-2455.

Respectfully submitted,

by Christopher L. McDonald, Reg. 41,533
